

## GOOD LEADERSHIP AND GOOD JUDGMENT

from an article by

Jon Jones, Chairman of the Board of CALLERLAB

Good leadership and good judgment are the keys to the entire activity. If the callers and leaders have the attitude that the dancer must be the winner during class and at dances, then good leadership and good judgment have been exercised. If, on the other hand, the callers and leaders are constantly pushing the dancer to learn more and more and never permitting them to win and have fun, then poor leadership and poor judgment are evident. In far too many instances we have sacrificed quality for quantity. Quality dancing is so beautiful and feels so good, it gives one the feeling of being a winged figure of human form in fine art.

Square (and round) dancing should and must be an "Expression of Joy".
